FEELING FOR ALL THE FLORA AND FAUNA

7th International Environmental Conference, organised by the Ajman Municipality & Planning Department under the slogan "Climate Neutral City 2050"

مؤتمر عجمان
الدولي للبيئة
Ajman International
Environment Conference

**CLIMATE
NEUTRAL
— CITY
2050**

As the ORANGE SPONSOR of the 7th International Ajman Environmental Conference, we were delighted to meet and greet numerous visionaries, experts and decision-makers for brainstorming solutions to rapidly emerging environmental challenges in the present era.

Under the slogan "Climate Neutral City 2050", and with a vehement drive to comprehensively formulate a climate action review to be presented to the UNFCCC-COP28 (United Nations Framework Convention on Climate Change – COP28), the IAEC (International Ajman Environmental Conference) and the AMPD (Ajman Municipality and Planning Department) have been highly strategic and proactive in organizing this exclusive climate-centered and morale-boosting event at the SZCEC (Sheikh Zayed Convention and Exhibition Center) at Ajman University, U.A.E.

Across the board, we have continuously followed through with ethical, eco- friendly procedures that not only allow us to strategically explore technological potentials and innovations (such as ESG programming), but also provide an ardent and stable medium to accelerate the mitigation, adaptation and transition to low-carbon infrastructure and circular economies.

Special Memento

FROM BIG TO BIGGER

A STRATEGY TO SEIZE THE BIGGER MARKET IN GCC

With the intention and drive to align the construction industry with the Saudi Vision 2030, the Deputy Minister of Industry and Mineral Resources, Eng. Osama bin Abdulaziz Al-Zamil, opened The Big 5 Saudi in Riyadh under the patronage of the MIMR (Ministry of Industry and Mineral Resources) for four auspicious days, to allow over 13,000 construction professionals to present their products and services to a strong number of affluent customers and trade partners, all under one roof. For us at KHK, the event has proved to be a great platform to showcase our world class facilities to innovate, design, manufacture and supply the most advanced scaffolding and formwork systems in the MENA region. With full faith in the positive contributions given to the new and vibrant landscape of the Kingdom of Saudi Arabia that were showcased in this prosperous occasion, our jointed aim with our newly established Saudi base (TAURANI HOLDINGS ARABIA LTD) is to become the chosen supplier of scaffolding and formwork systems and solutions across the nation for construction, marine & ship building, oil & gas, and roads & infrastructure.

Riyadh Front Exhibition & Conference Centre

EMBRACING EXPANSION A MOVE TO TAP INTO UNEXPLORED TERRITORY

For the heartening purposes of showcasing our world class scaffolding and formwork abilities to the Construction and Equipment Industry of Uzbekistan and targeting trade public, we were cordially invited to this year's

UzBuild

UZBUILD 2024 event on 27th March by the Deputy Chairman of the Building & Construction Equipment Board of Uzbekistan. We embarked on a new journey that involved the endorsement of our confidence in the regional strength of this

wonderful member of the CIS (Commonwealth of Independent States - Armenia, Belarus, Kyrgyzstan, Moldova, Tajikistan, Kazakhstan, Uzbekistan, Russia, Azerbaijan, Georgia, Ukraine, Latvia and

Lithuania), the exploration of the possibilities of

spreading our support and services across the CIS, drawing scores of trade partners and business inquirers from various sectors, and noting the announcement of USD 13,417 Bn. in February 2024.

EMPOWER, INSPIRE, UNITE

CELEBRATING WOMEN'S STRENGTH ON WOMEN'S DAY 2024!

The Women's Day Celebration 2024 was a successful endeavor for showcasing the potential and importance of women in many tactful, ubiquitous industries (as well as industries of the past), using lots of creative seminars, awareness campaigns, events and workshops.

"Gender equality at work, in education and in global leadership" was the second most valuable topic that was repeatedly reinforced in these programmes, and the most valuable one was "equal opportunities for all". To commemorate the personal struggles that female interns and staff members at Taurani Holdings have almost always gone through, and their victory over these struggles, the Department Head had strategically organized a special get together on Friday, 8th March, 2024 with some special reminders about their value within the family of the Taurani Holdings group.

Next, a healthy team lunch and gift baskets had been carefully and happily distributed to them in order to give them a wholesome, respectable feeling of comfort, warmth, care and affection for who they are and have always been.

Additionally, a 1-day health check-up for every female member of this highly esteemed family was conducted to ensure their best physical, mental, social and emotional wellbeing.
